

Instructions for Converter Box Firmware Upgrade

Download and extract the firmware.

Then copy "flash.bin" and "usb_upgrade_all_flash.bin" to flash drive.

Insert Flash drive to converter box.

Press "MENU" on the remote

Select "SYSTEM"

Go to Software Update

Select "usb_upgrade_all_flash.bin"

Upgrading will show, after finish installing.

It is going to installation guide

Select "MENU" again

Go to "SYSTEM"

Select "Restore Factory Default"

Put in 000000 for password and hit OK

It will go to installation guide

It needs to reset the box to be able to work
